

Brigalow Bites

Edition 3 Tuesday 25 March 2025

4TH APRIL MEETING

Just a quick note to remind you that our first meeting for 2025 is next Friday at the Inverai Hall. The group will cover the cost of hall hire and catering.

Unlike Neil, I won't be ringing or texting, reminding you to attend. But remember, this is one of the reasons you paid to become a member and it's a good excuse for a catch up.

Please click on this link [Count me in!](#) and tell me who's coming, so we can give the Hall Committee a heads up on numbers for catering.

Please arrive at 12:45 for a 1:00 kick off (finish by 5:00ish...)

- Committee Update
- Unravelling carbon emissions – Barbara George
- Trial update
 - Protein mapping - Tim Neale,
 - Barley lodging – Majella Bathurst
 - Canola, nutrition, Risk Wise – Jayne Gentry
- On farm experimentation - Panel discussion
- Summer crop review – members and Pacific & Pioneer reps
- Winter crop planning – members and agronomy team

The summer crop review will mean more if we can discuss our data, so PLEASE fill in the attached **SORGHUM BENCHMARKING** spreadsheet with your paddock results. Thank you to the four members who have supplied their information already. **Please return your completed form by Sunday 30th March.**
